## Career Profile

Proficient in clear communication, analytical thinking, and technical documentation. Leveraging strong research skills and attention to detail to excel in problem-solving and code development. Passionate about combining creativity with logic to create innovative software solutions.

## Education

**HND Computer Science | December 2022 | Lagos State Polytechnic, Lagos, Nigeria**

## Technical skill

- Front-End Tools and Technologies: HTML, CSS, JS, React.
- Back-End Tools and Technologies: Node.js, Express, Mongo DB
- Other Tools and Technologies: Git, Vscode, Discord, Slack, Trello.

## Experience

**Software Development | SAIL | November 2023 to present | Lagos, Nigeria**

- Leveraged HTML, CSS, and JavaScript to build responsive and visually appealing user interfaces, ensuring a seamless browsing experience across devices.
- Utilized TypeScript to add static typing to JavaScript code, enhancing code quality, and enabling better scalability in large-scale applications.
- Developed dynamic and interactive front-end applications using React.js, harnessing its component-based architecture and virtual DOM for efficient UI rendering.
- Implemented server-side logic and RESTful APIs with Node.js and Express, facilitating robust communication between front-end and back-end components.

**Technical Writer | Collabo Community | September 2023 to present | Lagos, Nigeria**

- Successfully managed technical writing projects within the FOSS community, ensuring clear documentation aligns with project goals and enhances user experience.
- Utilized tools like Postman to streamline API testing and documentation processes, enhancing efficiency and developer collaboration.
- Collaborated in crafting technical articles, FAQs, and comprehensive documentation, utilizing tools like Swagger and Doc-as-Code methodologies to ensure clarity and accessibility within the FOSS community.

## Soft skill

- Attention to Detail
- Research Skills
- Analytical Thinking
- Teamwork and Collaboration
- Technical Documentation
- Open-source/Collaboration
